SCHOOL

School started on February 1st so we are now full swing into classes. During the first week of school the students took a pretest to see what they retained from the year before. After that we spent the rest of February reviewing those previous concepts.

CHURCH

We have currently resumed almost all normal services at church. We have an evangelistic street service on Tuesday, a testimonial service on Wednesday, Sunday school on Sunday morning, and a regular church service on Sunday night.

PERSONAL

In January I was joined by another missionary from the United States who will be serving here for one year. Since her arrival we have celebrated her birthday, had movie nights, and even visited a beautiful canyon with two other teachers in our free time.

HIGHLIGHTS

- Visiting Somoto Canyon
- Celebrating the visa approval of a local friend
- Family church service
- Adult English classes

UPDATES

What a wonderful month it has been as the students have already made many advancements in their learning. The new missionary, two other teachers, and I celebrated the success of the first month by visiting Somoto Canyon, a beautiful natural canyon about 45 minutes from Palacaguina. I also had the opportunity to celebrate the visa approval of my friend's husband. They will be moving to the states on March 12th. The church hosted a family service, and it filled with church members, their family, and friends as we worshipped the Lord together. I continue to see God's provision and favor each and every day.

Happy Birthday Bailey!

PRAYER REQUESTS

- Please pray for my health as I continue to take medication for my heart.
- Please pray for my funding as I continue to raise financial support.
- Please pray for the students of PCA.
