BLANDON GUZMAN FAMILY

Jaime, Jacqueline,
Jaimeline and James.

The 4 J Family

The pandemic took us almost by surprise here in DR. One day we were in the middle of some conferences and the next day we were canceled almost everything. Thus, we began to learn to live differently and to seek how to minister in another way. In the midst of this, we finally find the time to report what God did and what He is doing today in Us.

Medical Mission Trip In January

This month was the month of missions. We are dedicated to bringing medical aid to hundreds of people in the DR and Haiti border mountains. Through Sembrando para la Eternidad organization, we were able to participate in medical care, preaching the Word, evangelism, distribution of Bibles and more. There were five intense days of great blessing.

Here Jacqueline ready to give a conference to women.

Brother Kennett president of Sowing for the Eternity Ministry preaching the Gospel every day to hundreds of people.

Haitian people crossed the border and are waiting to be seen by doctors.

One of my jobs was as a translator, in addition to security and evangelism. here translating to one of the doctors.

The work team was large, so it was possible to serve hundreds of people every day.

Construction Mission Trip in February

The month of February was a month of preparation and of many works on the construction site. This month, we had a missionary group from Wisconsin that for many years visited us in Nicaragua.

This team worked in the installation of a temple roof, in the construction of the platform, installation of doors and also in medical care. A great blessing to be able to participate in this work. In this month, we also managed, in coordination with my local church, to install 4 air conditioning units.

First day at the work side. a lot to do before install roof panels.

Two days after hard work, the roof was looking good.

Brothers Tom from Iowa and Holman from Nicaragua, working hard to bless a DR church.

Roof ready, the congregation happy and the team is rejoice in the Lord.

Dr Stader every day check 25 kids from the area. What a bless.

In March, in coordination with Christian Ministry Concepts, we were able to once again bring to DR the counseling conferences, Be Transformed. The conferences would take place in 3 cities, however, we had to cancel the last one in the city of Bani.

The blessed cities were Los Alcarizos, where for three days more than 75 brothers, pastors, leaders, counselors and teachers were trained. Here one received the book, training, and some Bible shepherds.

The second city where we gave the conference was San Francisco de Mocosis. There, with God's favor we had an attendance of 85 brothers who were blessed in the same way. This group also had the presence of a very large group of missionaries who work in the city.

Here Richard and Carla Pastke founders of Ministry Concepts with our host pastor in Los Alcarizos. In the next pic the graduation of San Francisco Conference.

One of the things that struck me was the humility of the pastors and speakers. We provide lunch and for the space each one looks for a place to eat.

with these conferences we have trained thousands in 5 countries.

Ministry in COVID –19 TIMES

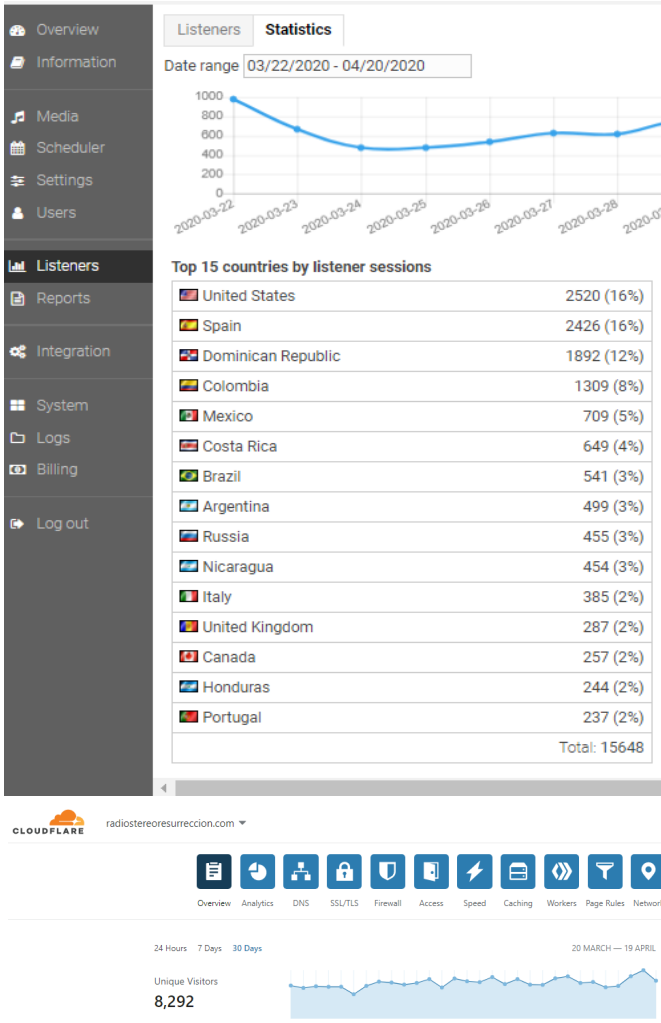

As 516 Now activities were canceled in all the countries where we work, new challenges flourished. What was happening? Where do we fit? What could we do in ministry? And on all these questions, we as a family had just moved from the capital to the city of Bani to be closer to the beautiful church where we serve.

Not many days passed when the quarantine was issued. You could not and cannot even leave after 5 pm. Almost all the businesses closed, but in the midst of that, we know that people need more of Christ.

Thus, we have invested our time in these areas:

1. Improve the page of the radio www.radiostereoresurreccion.com that for the glory of God the last month we had more than 16000 people in streaming and another 8000+ who came to the site to read some devotional, study or meditation that we publish daily. Similarly, we work on the central page of the ministry www.516now.org. Any comments welcome.
2. Both Jacqueline and I have been regularly asked to share the Word in the church through Zoom. Jacqueline with the women, I with the church, the youth and a group of men. It has been a blessing to have this resource.
3. Both of us have also dedicated ourselves to writing devotionals, Bible studies, sermons, which we have published on the radio page.
4. Every day, we share two Bible verses in pictures on the social medias that we administer. Thank God there are always a lot of people, commenting or sharing them.
5. Every day, I publish two articles, I am not the author, but the web editor, on the page www.sdejesucristo.org where every day we have more than 170,000 visits and more than 1.8 million followers on Facebook. It is a great blessing to be able to support this ministry with publications and resources.
6. In the social area, we have faithfully dedicated ourselves to food distribution. With my pastor, we have been able to identify families in need to whom we have brought food baskets. It has been a blessing to see how the brothers of the church bring food to fill these baskets. Also through funds from friends and church, we have managed to support a pastoral family that we love very much, in the same way.
7. We continue to coordinate and support the efforts of our teams and associates in Nicaragua, El Salvador and Colombia. Many things are happening, in Nicaragua our teams build two houses for brothers in need. In El Salvador and Colombia, the teams currently carry the Word of God every day, and also social assistance.
